If you are searching for a car trailer in Ontario this Timpte 720 EZ Load is built for easy loading, low approach angle, and everyday reliability. Hydraulic self dropping deck, all aluminum construction, and pro grade running gear. In stock at Fletcher Trailers in Scotland Ontario with delivery across Ontario and Eastern Canada.

Powered EZ Load Deck System

Experience effortless loading and unloading with our innovative Powered EZ Load Deck System. This advanced mechanism ensures quick, efficient, and safe operations, saving you time and eliminating the need for ramps.

4-Degree Loading Angle

The gentle 4-degree loading angle allows for smooth and safe loading and unloading of even the lowest vehicles and equipment.

Mechanically Fastened Joints

By building our trailers using mechanically fastened joints we can achieve maximum strength, durability, and longevity out of the aluminum.

Wireless Remote

The wireless remote allows you to raise and lower the deck of the trailer with the push of a button and without leaving your vehicle.

Aluminum Construction

Aluminum outperforms steel for trailers with better corrosion resistance, lower maintenance, and improved towing. It’s lighter, enhancing fuel efficiency, and Timpte’s advanced techniques
